### THE NAME OF LINCOLN

Not even the recent eclipse with all its thrills and wonders fires imagination in the American boy as does the magic name of Lincoln. The mystic of nature may appeal to us, but it is the human touch that stimulates to action all latent qualities of the soul. To the American lad Lincoln embodies the greatest combination of characteristics ever found within the breast of single man. He emphasizes the spirit of human tenderness, of undaunted courage, of firmness and rigidity of purpose, and perhaps above all the spirit may be said of Lincoln that has not commanded the expression of the world's great minds. All humanity pays tribute to his shrine.

It is recorded that when he was walking to the national capitol one day he said the great regret of his life was that he had been denied the advantage of a college education. What an inspiration to those words for the youth of today showered as he is with educational opportunities. We wonder if the boys and girls in this town have learned a real lesson from the life or from this thought of Lincoln, or do they think of him only in terms of his immortal Gettysburg address.

What a wonderful thing if we used the legacy he has left us, if each of us took measure of the man, considered the characteristics that made him great and then by close self-examination found out in what proportion those characteristics rested in ourselves.

Perhaps we might sense love of humanity as the dominant note, and then strive to measure somewhat to the standard. We might make a little chart and examine it from month to month to see how our percentages are getting along; giving 100 to Lincoln as the standard of a real American. It might prove more interesting than even the cross-word puzzle and really give a meaning to hundred per cent Americanism.

### PLANNING FOR WORK

The tentative program of work planned by President Coolidge's agricultural commission as laid down by them at their first meeting is briefly as follows:

The work will be in three divisions. First, to review and recommend legislation affecting agriculture.

Second, it is to review the administration of government as it affects agriculture.

Third, it is going to undertake to educate the farmer on important matters affecting his business. On legislative matters the president will be informed as to which bills should be supported for passage. The commission is now at work investigating government departments relating to tariff, reclamation, foreign competition and so forth.

### REMEMBER THE BIRDS

Remember the birds! Also remember that the same howling winds that cause you to turn up your collar make it practically impossible at this time of the year for these feathered friends to obtain much food. Ground that is frozen and barren, shrubbery that is bare of berries, and bird baths and pools that are now iced over cut off food and drink for these associates who help save our crops and our grain and spread their song so cheerfully. Why not scatter a few bread crumbs in some sheltered spot in the yard? A piece of suet or an apple tied to a limb of a tree or shrub will provide food. These little creatures deserve to live. Remember the birds.

### Tells How to End Night Coughing

To quickly stop hacking, irritating coughing at night, a very simple treatment may be had that often enables you to sleep the whole night through undisturbed almost at once.

The treatment is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful at night before retiring, and hold it in your throat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action. It not only soothes and relieves irritation and soreness, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. So no matter whether your cough is dry and tight, or loose with much mucus, the coughing soon stops, you can usually sleep your accustomed time without a break, and the whole cough condition goes in a very short time.

The prescription contains absolutely no narcotics or other harmful drugs. Instead of merely numbing the throat, it actually helps the system to throw off the trouble in a perfectly natural way. Furthermore, it is very economical, the dose being only one teaspoonful. It is highly recommended for coughs, chest colds, tickling, hoarseness and bronchitis, and is wonderful for children's coughs and spasmodic croup. On sale at all good druggists. Ask for

**DR. KING'S NEW DISCOVERY FOR COUGHS**

### FORD SHOULD BE CONSIDERED

The Muscle Shoals question is again before Congress. Ford's first offer was withdrawn several months ago when the Detroit manufacturer announced that the government could not deal with him for the reason that politics was considered more important than business and business could not wait any longer.

Ford bid on the government plant to manufacture cheap nitrate for fertilizer in time of peace and when the government wanted the plant in time of war it was to be turned over. The fertilizer trust soon got busy. The issue was mixed with politics and Ford withdrew.

He now makes an entirely new offer to the government. The House has always been with Ford but the Senate has opposed him.

The new offer reads different than the former:

"If the Government keeps Muscle Shoals and operates the nitrate plant by the army and navy, I shall be glad to put at their service all the Ford Company has of knowledge and experience. Our engineers have been working for three years on the problem of making cheap nitrate from the air for farmers. We believe we have discovered improvements on the present processes. We believe air nitrate can be made at a price that will materially reduce the cost of fertilizer on the farm. "The Ford Company will turnover to the Government, without cost, the result of its research. We will lend the men to help build up an efficient organization to run the Shoals.

The government has hundreds of millions invested in the war time property and it has been proposed to virtually give it away to a power company financed by English capital.

Senators Willis and Pess should be behind this proposition. Farmers talk and discuss economical problems this week at Columbus. Here is a real opportunity to help lower the cost of fertilizer to the farmer. If it is not accomplished by Ford it will be the first commodity put on the market that he has not forced down the price due to modern methods of manufacture and distribution.

### ARE YOU A CAPITALIST?

In the books of political economy society has always been divided into capitalists and non-capitalists, or as those who appeal to class distinctions put it, men of millions, and the millions of men.

The latter group was considered to be the great public, and it is a mark of a rapidly-changing age that there is not the sharp distinction between these great economic groups that formerly existed.

During the past few years millions of men and women have been transferred from the non-capitalist to the capitalist class—to prove this let anyone examine the lists of stockholders in corporations.

From the biggest business organization to the latest labor bank organized throughout the country, where capital is required and invested up into the hundreds of millions of dollars, ownership is subdivided.

As Collier's said editorially Jan. 3, millions of men are becoming the men of millions, and literally supplying Big Business, once so much dreaded and derided, with the millions with which to extend its operation.

### ORDINANCE NO. 122

AN ORDINANCE, FIXING THE PRICE, WHICH THE DAYTON POWER AND LIGHT COMPANY MAY CHARGE FOR ELECTRIC LIGHT FURNISHED TO THE PUBLIC GROUNDS, STREETS, LANES, ALLEYS AND AVENUES IN THE VILLAGE OF CEDARVILLE, FOR A PERIOD OF FIVE (5) YEARS COMMENCING ON THE 1st DAY OF JANUARY, 1925, AND DETERMINING THE MANNER IN WHICH SAID LIGHTING MAY BE FURNISHED, PROVIDED AND PAID FOR.

WHEREAS, there is on file with the CLERK of said Village, complete plans and specifications for the lighting of the streets, and public places of the Village with electricity, which plans and specifications provide for different types and ratings of lights in different locations according to the local requirements, the lights being designated by candle power and classified as hereinafter set forth;

BE IT ORDAINED BY THE COUNCIL OF THE VILLAGE OF CEDARVILLE, STATE OF OHIO—

SECTION 1. That for a period of five (5) years from the 1st day of January, 1925, the price which may be charged by The Dayton Power and Light Company for electric light furnished to the Village of Cedarville, to light the streets, lanes, alleys, avenues and public places thereof, in the manner and by the means set forth in the plans and specifications therefor on file with the Clerk of said Village, and as provided in this ordinance, shall be as follows:

For electric light supplied by each 400 c. p. lamp, \$56.00 per year.

For electric light supplied by each 250 c. p. lamp, \$48.00 per year.

For electric light supplied by each 100 c. p. lamp, \$30.00 per year.

For electric light supplied by each 80 c. p. lamp, \$30.00 per year and said company shall, at its own expense, furnish said lamps and equipment and material necessary for said lighting, and erect and maintain same and shall

supply said lamps with the necessary electric current, and the company is to be paid by said Village for said lighting in twelve (12) equal monthly installments, on or before the tenth day of each calendar month, subject however, to the deductions provided for in said specifications for outages, and the company agrees that any additional lamps of the character aforesaid for the street lighting ordered by said Council, shall be erected and operated by it at the same price per lamp as that above named, the same to be paid by said Village in the same manner and installments, and at the times heretofore provided for said payments.

SECTION 2. That the minimum number of lamps of the various candle power to be used for the lighting of said streets, lanes, alleys, avenues and public places furnished, shall be as follows:

31—80 c. p. lamps

9—100 c. p. lamps

12—250 c. p. lamps

1—400 c. p. lamp

Said lamps to be located as shall be directed by the Lighting Committee of the Council of said Village.

SECTION 3. That said electric light shall be furnished by means of aerial construction only.

SECTION 4. That said lighting shall be according to what is known as the "ALL NIGHT AND EVERY NIGHT SCHEDULE"; that is, the lamps shall be illuminated every night from one-half hour after sunset of one day to one-half hour before sunrise of the next day, in accordance with which schedule each lamp shall be illuminated for approximately 3940 hours per year.

SECTION 5. That the location of every lamp shall be approved by the Lighting Committee of the Council of said Village, before the lamp is erected, and after a lamp has been erected, in accordance with such approval, the Company, upon a written order from the Council, shall remove it to another location, the cost of such removal and re-location to be paid by the Village.

SECTION 6. That the Company shall use all diligence and care necessary to keep all the lamps clean and burning during the hours called for in this ordinance, and shall agree that if any light or lights go out, the lamp shall be repaired the same night, if possible, and in that event no deduction for outage will be made; however, if any lamp or lamps are found to be still out on the second night, then the Village will make a deduction equal to two nights for each lamp not burning on the second night, and a deduction for each additional night that any lamp is not burning, and these deductions shall be at the same ratio per night as the total monthly price bears to the time the lamp or lamps have been found to be out. The Village, thru its Marshal shall promptly report to the office of the company all lamps discovered not burning.

SECTION 7. Whenever any tree or trees upon any sidewalk of any street, lane, alley or avenue shall seriously interfere with the distribution of light from any lamp or group of lamps, of which the Council of the Village shall be the judge, the Village will trim or cause to be trimmed any such tree or trees in such manner that such interference with the distribution of light will be removed.

SECTION 8. That when it is necessary to erect or replace any pole or poles, pole line or lines upon any street, lane, alley, avenue or public place to supply service provided for by this ordinance, the location of such pole or poles, pole line or lines, shall be arranged so as not to interfere with the public in the use of said streets, lanes, alleys, avenues or public places.

SECTION 9. That upon the acceptance of The Dayton Power and Light Company of this ordinance with all the terms, provisions and conditions hereof, and of the detailed specifications for such lighting on file with the Clerk of said Village, such company shall, until the expiration of the five (5) years from the 1st day of January, 1925, be bound to furnish such service as is required under this ordinance at the prices and upon the terms and conditions herein set forth, and said company shall be permitted to render such service until December 31, 1930 so long as said company shall comply with the terms of this ordinance and said plans and specifications, but upon the failure of said company to comply with this ordinance said plans and specifications, the Village may provide other means of lighting its streets, at its option.

SECTION 10. Upon the Dayton Power and Light Company filing its written acceptance of this ordinance with the Clerk of said Village, within sixty (60) days from the taking effect hereof, this ordinance shall be and constitute a contract between said Village and Company to light the streets, lanes, alleys, avenues and public grounds, in accordance herewith, for five years from the 1st day of January, 1925.

SECTION 11. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed this 2nd day of February, 1925.

H. G. Funsett, Mayor

### Lesson for February 8

#### CHRIST'S INTERCESSORY PRAYER

LESSON TEXT—John 17:1-26. GOLDEN TEXT—"Holy Father, keep through thine own name those whom thou hast given me, that they may be one, as we are."—John 17:11.

PRIMARY TOPIC—Jesus Praying for His Disciples.

JUNIOR TOPIC—What Jesus Prayed For.

INTERMEDIATE AND SENIOR TOPIC—Christ's Prayer for His Disciples.

YOUNG PEOPLE AND ADULT TOPIC—Christ's Intercessory Prayer.

1. His Prayer for Himself (vv. 1-5).

1. Fully conscious that the hour of His crucifixion was at hand He prayed to the Father saying, "Glorify thy Son, that thy Son also may glorify Thee." His coming into the world had as its supreme mission the glorification of the Father. In order that the Father might be glorified it was necessary that the Son should be glorified.

2. He Declared That He Had Finished the Work Committed unto Him (v. 4). The definite work which He came to do was to give eternal life to the chosen of God.

3. His Prayer for His Immediate Disciples (vv. 6-19).

1. Their Preservation (vv. 6-16). He did not pray that they would be taken out of the world but that they might be kept from the Evil One. It is not the divine will that we go to heaven at once when we believe because:

(1) Christ needs our ministry. Those who have been made partakers of the divine life are His representatives in the world.

(2) We need His grace strengthened and developed in us. Heaven is a prepared place and only those who have been prepared for it can be admitted into it.

(3) The world needs us. Christ declares that the disciples are the light of the world, the salt of the earth (Matt. 5:13). Only as the light of the Lord shines forth through the disciples can the people in the world find their way.

2. Their Sanctification (vv. 17-19).

(1) Sanctity means: First, to set apart; that means then that the disciples were to be set apart to do the specific work of representing Christ; second, to cleanse; those who are set apart as His representatives need the special cleansing grace to make them vessels fit for the Master's use.

(2) The instrument used (v. 17). They were to be sanctified through God's truth. God's truth is His Word.

(3) The purpose (v. 18). They were sanctified in order that they might be qualified for His service in the world.

(4) Jesus' own sanctification was for that purpose (v. 19). He is the grand example.

III. His Prayer for His Future Disciples (vv. 20-26).

1. Their Unification (vv. 20-23). His great concern was that all believers should be united.

(1) The grand pattern of this spiritual union is the union that exists between the Father and the Son (v. 21).

(2) The incentive making possible this union (v. 22). The vision of the glory of God in Christ (II Cor. 8:18) is the grand incentive which unites the believers.

(3) The purpose of this union (v. 23). The disciples of Christ enjoy fellowship with the Father and the Son and fellowship with his fellow believers, but he also looks forward to the time when he shall be glorified.

(4) "I will that they be with Me where I am" (v. 24). There is a present glory enjoyed by believers.

(a) They are now children of God, although it does not yet appear what they shall be.

(b) They now possess eternal life and therefore shall never perish. While there is the present glory, Jesus wants His disciples to be with Him in Heaven. He said, "Except a grain of wheat fall into the ground and die, it abideth alone." We can reverently say that unless the believer is taken to Heaven Christ will be lonely.

(2) "Behold my glory" (v. 24). The believer shall share the ineffable glory of Christ (I John 3:1-3).

The Master-Word

The master-word of Christianity is love.

#### Charity

A bone to the dog is not charity. Charity is the bone shared with the dog when you are just as hungry as the dog.

#### Never Be Afraid

Never be afraid of giving up your best—and God will give you His better.

#### Men's Muscles

Men's muscles move better when their souls are making merry music.

#### ELECTION NOTICE TO BUILDING & LOAN SHAREHOLDERS

The annual meeting of the shareholders of the Cedarville Building & Loan Association will be held Saturday, February 7, at 7:30 P. M. in the office of the association to transact such business as may come before it and for the election of three directors. Andrew Jackson, Sec.

## LOCAL AND PERSONAL

Wanted Butcher. Call 3 on 197, Cedarville, or 839 W 2, Xenia, O.

For Rent: House on South Main street. Write Mrs. A. S. Baumann, Creve Coeur Mo.

Charles Iliff of Chicago, who has been with Iliff Bros. at Huntington, W. Va., spent the week-end here with relatives and former friends.

Mr. T. V. Iliff, who has been visiting in Chicago for several months, has returned home but is somewhat under the weather at present.

Friday, today is the day of prayer for colleges and observance will be held in the Reformed Presbyterian church this morning at 10 o'clock.

Mrs. Jeanette Eskridge, who leaves today for an extensive visit with her son, R. B. Barber and family in Los Angeles, has rented her home furnished to Mr. Frank Bird.

MIRANDA'S MINSTRELS—Opera House, February 9 with Henderson's Eight Piece Collegian orchestra. All local talent and new minstrel program Admission 35 cents.

Scarlet fever has broken out in the public schools here and from reports at hand most of it is confined to the fifth grade. Nine cases are reported but all of them seem to be in a very mild form. There is some whooping cough also in the community.

The annual meeting of the lot owners of the Massies Creek Cemetery Association, will be held in the mayor's office, Tuesday, February 10 at 2 o'clock. S. K. Williamson, Pres.

George Martindale has been laid up for more than a week with intestinal grip. He is able to be up at the present time but is not leaving the house.

Miss Elsie Shroades has been granted a leave of absence from her school at Mt. Washington for the last semester and has entered Miami University where she expects to complete her two-year Normal course in June.

Rev. Jason L. McMillan, formerly of this place but for the past seven years pastor of the Presbyterian Church in Johnson City, Tenn., has received a call to the Presbyterian church in Norfolk, Va. and has moved to that city. His new charge is one of large congregations in the Southern Presbyterian denomination.

MUSH—Made with Milk. At all leading groceries and at Farmers' Cream Station. Made by Independent Dairy Company, Springfield.

Bishop W. F. McDowell, one of the leading ministers of the M. E. church, from Washington, D. C., has been engaged by the College Seniors for the commencement day address. The class has also secured Mrs. Loretta Hodapp, of Dayton, soprano soloist of the West Minister Choir, who will sing at the commencement exercises. Mrs. Hodapp is one of the leading sopranos in the country and an artist that has a wonderful personality on and off the stage.

At the annual meeting of the Greene County Automobile club members the following officers were chosen: George Little, president; Dilbert Belton, secretary and A. E. Faulkner as treasurer. The directors are: George Little, E. H. Heathman, R. A. Kelly, W. B. McCallister, J. A. Finney, S. M. McKay, Steel Poague, C. H. Little, Dr. A. C. Messenger, N. N. Hunter, A. E. Faulkner, E. R. Bryant, Henry Binder, J. E. Kohl, Chalmers Murphey. The club has a membership of 600 in the county.

### NOTICE OF APPOINTMENT

Estate of Forest Kennedy, deceased. C. T. Ewry has been appointed and qualified as Administrator of the estate of Forest Kennedy late of Greene County, Ohio, deceased. Dated this 22 day of January, A. D. 1925.

S. C. Wright,  
Probate Judge of said County. 2-13d

For Sale: Good storm buggy and harness. N. L. Ramsey (2t)

## Grandmother's Cough Remedy—Pine Tar and Honey—Still Best

A well-known specialist said recently that although many wonderful medical discoveries have been made in recent years, nobody has found a better and quicker healing agent for coughs, chest colds, asthmatic croup, hoarseness, throat tickling and other throat and bronchial troubles than good old pine tar and honey. Our grandmothers would never be without pine tar syrup in the house, and they were right. Large families still remain one of the few medicines that can be given to young and old alike, as it contains no harmful drugs.

The pine tar quickly soothes and heals sore throat irritation, and loosens the phlegm, removes the actual cause of the coughing. The honey is not only pleasant to the taste but also very soothing to the throat.

The kind that has been used with never-failing success in thousands of families for years is that known as Dr. Bell's Pine Tar Honey. This is scientifically compounded of just the right proportions of pine tar, honey and other quick-acting, healing ingredients which the best doctors have found to aid in quick relief. If you want the best, be sure to get Dr. Bell's Pine Tar Honey. It costs only 50c at any good drugstore.

LUNCH

## EDWARD WREN COMPANY GETS KAUFFMAN STORE

One of the biggest business deals in this section took place last Saturday when the receiver of the Kauffman store in Springfield, sold the building and stock to the Edward Wren Co. The Kauffman building was erected only a few years ago on one of the most important business corners in the city.

## WOMAN BURNED TO DEATH IN JEFFERSONVILLE

An explosion in Frank Horney's grocery, Jeffersonville, Tuesday morning resulted in the death of Mrs. Frank Horney, aged 66, and caused a fire loss estimated at several thousand dollars. Washington C. H. fire department was summoned for aid. Nearby buildings suffered loss also. The cause of the explosion has been undetermined.

MUSH—Made with milk. Sold at all the leading groceries and Farmers' Cream Station. Made by Independent Dairy Company, Springfield.

## DAYTON U TAKES GAME

Dayton University won the Wednesday night game by a score of 31 to 12 against Cedarville College. The local team had an off night and could not hold the visitors.

## Opals and the Hair

Beautiful blond, wavy hair of the Middle Ages valued nothing more highly than a necklace of opals. Wearing of these ornaments was supposed to keep their hair from losing its wonderful color.

## Lion Dislikes Men's Hats

Carolina, the lioness in the London zoo, always snorts angrily at any man wearing a light gray hat.

## Fashion Revolt

American fashion designers have revolted at Paris dominance of styles. This model was photographed at the first U. S. style show in New York. It is American designed and made from American materials. Citron, white and beige blue in Tashan fabrics prevail for Spring.

## CEDARVILLE COLLEGE AGAIN IS VICTORIOUS IN B. B.

The Cedarville College Varsity rang up their third straight victory of the season last Friday night when Urbana College was defeated 30-14.

On the previous Friday night Urbana defeated Franks' prodigies from Antioch by a one point margin, and they came to Cedarville with high hopes.

Nagley, Cedarville forward started the Yellow Jackets scoring early in the first half by looping a shot from the center of the floor. Stoltz and Taylor followed close behind with a basket apiece before Urbana could register, and from then on until the close of the half the game was nip and tuck, the half ending 9-9.

In the second half the Yellow Jackets again came back strong and with Stoltz and Nagley hitting the Bucket from all angles of the floor, soon obtained a lead that the Blue Birds of Urbana could not overcome and the game ended with Cedarville on the long end of the score.

The lineup and Summary:

Player	B	F	MF	Pts
Stoltz	11	5	1	11
Towles	11	0	0	0
Taylor	11	0	0	0
Curry	11	0	0	0
Rockhold	11	0	0	0
Little	11	0	1	1
Nagley	11	4	2	10
Gordon	11	0	0	0
Total	13	4	1	30

Urbana—  
Player B F MF Pts  
Prince 11 0 2 1 2  
Woods 11 6 0 0 12  
Davis 11 0 1 0 1  
Lutz 11 3 0 0 6  
Stallamith 11 1 1 0 3  
Total 10 4 1 24

In the preliminary game the College girls lost to the Y. W. C. A. of Springfield, the score being 16-10. Hastings of Cedarville making the most points for her team while Toland starred for Springfield.

## CEDARVILLE HI DIVIDES DOUBLE B. B. BILL FRIDAY

Cedarville boys earned the right to remain in the first division of the county league by defeating Bath boys in a close game last Friday night.

At the end of the first half Bath led by a one point margin but in the second half the Cedarville boys came back strong and shut Bath out in the third quarter, and making enough points besides to win the game for them. In the last quarter Bath started a rally but it came to late and the game ended 21-18 in Cedarville's favor. Lucas was Cedarville's high score man with a total of 12 points while Fisher played best for Bath.

In the preliminary game the local Hi girls lost to Bath in a slow game. Ti Beal, forward-for Bath, made the majority of the points for her team.

## RESULTS LAST FRIDAY

Boys  
Cedarville College 30, Urbana, 24  
Cedarville Hi 21, Bath 18

## AIDS THE AFFLICTED

**Ohio Doctor Treats Paralysis and Paralysis With Malarial Inoculations**

Canton.—Malarial inoculation has been used at the Massillon state hospital with gratifying success in the treatment of paralysis, or general curable, it was announced by Dr. Arthur G. Hyde, superintendent of the institution.

"The treatment, used in fifty cases to date, has resulted in several patients sufficiently recovering to permit their return to their homes and the resumption of their former occupations in life," Dr. Hyde said.

## Recovery From Influenza Hastened by PE-RU-NA

Mr. C. A. Allen, R. R. No. 2, Bondurant, Iowa, gives testimony to the healing power of Pe-ru-na. Influenza left him much run down, in health with catarrh of the nose, throat and bronchial tubes punctuated with attacks of asthma. He writes:

"While recovering from the influenza I was so weak I could not gain any strength for two months. The latter part of the winter, I bought six bottles of Pe-ru-na and began taking it. My weight increased to 175 pounds, the most I ever weighed."

"If you can use this letter for any good, you are perfectly welcome."

Such evidence cannot fail to convince the rank and file of the merits of Pe-ru-na.

Insist upon having the old and original remedy for catarrhal conditions.

Sold Everywhere Tablets or Liquid

**Polishing Furniture**  
When polishing furniture it is rubbed the same way as the grain it will polish much brighter and quicker.

**Language Retains Hold**  
A thousand years have elapsed since the gypsy began to leave his native Indian plains, yet even to this day many bears a striking resemblance to India's modern tongue.
